

# Mr. Green Package

## PRG Livestreaming Solution

The green screen is the steady solution setting the stage for truly immersive broadcasting in a matter of seconds. Ideal for small workspaces, all you need is top of the notch three-key lighting and a good audio kit. To update the Mr. Green solution a little, we added AR (Augmented Reality), offering the possibility to add 3D generated content and composite it over a live background view resulting in an appearance of content sitting in (or augmenting) the real world.

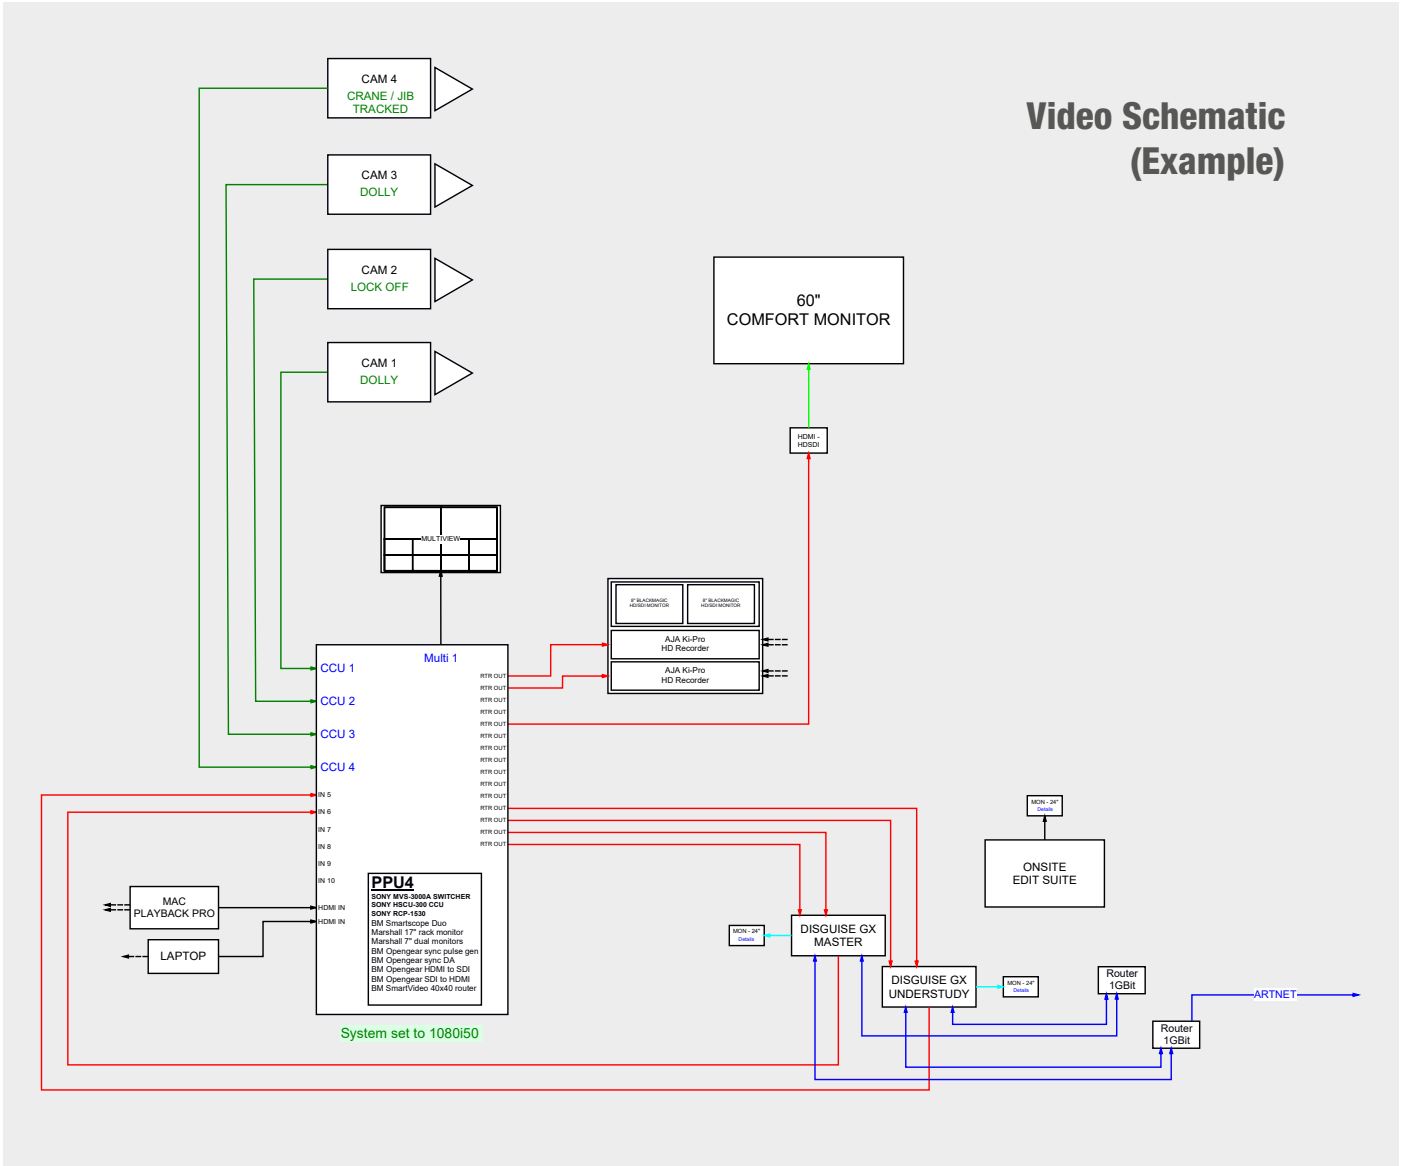

### Specifications:

- 4 microphones
- 14 intercoms
- 8 loud speakers
- 4 in-ear kit
- 24 lighting fixtures
- 3 HD camera
- 1 tracked crane camera
- 1 TV screen monitor
- 2 playback player
- Video and Sound recording
- 1 Green Key – Green cyclo
- 1 speaker desk
- Rigging structure
